Cartrack Learnerships 2024 / 2025 New Hiring

Description

Cartrack is a leading global provider of fleet management and vehicle tracking solutions. We are committed to developing skilled individuals in the field of telematics through our Learnership Program. As a Learnership Program Participant at Cartrack, you will have the opportunity to gain practical experience and theoretical knowledge in the exciting and growing industry of vehicle tracking and fleet management.

Responsibilities

- Participate in a structured learning program designed to enhance your understanding of telematics, fleet management, and related technologies.
- Engage in practical training activities, including hands-on experience with Cartrack systems and equipment.
- Collaborate with experienced professionals to learn about the various aspects of vehicle tracking, data analysis, and customer support.
- Attend workshops, seminars, and training sessions to develop technical skills and industry knowledge.
- Assist in the maintenance and troubleshooting of Cartrack systems and devices.
- Contribute to team projects and initiatives to gain exposure to real-world business operations.
- Adhere to safety protocols and guidelines at all times.

Qualifications

- South African citizenship or permanent residency.
- Completed Matric/Grade 12 qualification.
- Strong interest in the telematics and fleet management industry.
- Excellent communication and interpersonal skills.
- Basic computer literacy and proficiency in Microsoft Office applications.
- Ability to work well in a team and adapt to a fast-paced environment.
- Attention to detail and a proactive attitude towards learning.

Job Benefits

- Hands-on training and exposure to cutting-edge telematics technologies.
- Mentorship and guidance from industry professionals.
- Opportunity to develop practical skills and knowledge in a dynamic field.
- Monthly stipend to support learning and living expenses.
- Possibility of employment at Cartrack upon successful completion of the learnership program, based on performance and business needs.
